Amy, due to the timetable that we've established with the RA and our commitment to brief congressional staff, we would like to have a video conference. Of your proposed options, the week of February 20th works better for us. The review will be for a proposed ROD amendment. Betsy and Doug can provide more specifics if you need them since they were present during the briefing conducted for Mathy by the RA, RPM and site attorney.

Craig is out today so I'm emailing you to provide as much advance notification as possible. We appreciate you working with us to schedule a video conference and look forward to conducting the presentation. You or Craig can let us know the specific date when it's scheduled.

Thanks,

Cecilia Tapia
